

LCX-425T Treadmill

LIGHT COMMERCIAL

The LCX-425T is a treadmill that provides a commercial-sized running surface in a space saving footprint. **Perfect for the upscale home and residential condominium but durable enough for the hotel gym or corporate fitness facility.**

SMOOTH AT ANY SPEED

Just like the big guys. The 3.0 HP motor with Pulse Width Modulation (PWM) combines with rugged 2.75" rollers to provide exceptionally smooth operation at all speeds. The solid steel construction provides a vibration-free operation and the feel of stability usually available only in the most expensive models.

INTELLIGENT DECK

So smart it matches the runner's stride. Our Intelligent Suspension (IS3) deck is not like traditional floating decks which can cause instability in a runner's stride. The IS3 absorbs the impact of landing where it occurs. It's soft at landing, hard in the middle, and rigid at toe-off to exactly match the body mechanics of a runner. And... the dual level design of the CYBEX LCX-425T lets you see the IS3 at work.

Specifications

Product Number	425T
Speed Range	0.5 – 11 MPH (0.8 – 17.7 kph)
Incline Levels	0 – 15%
Running Area (L x W)	60" (152 cm) x 20" (50cm)
Motor	3 HP continuous duty DC Drive
Dimensions (L x W)	72" (182cm) x 32" (81cm)
Step-up Height	11" (28 cm)
Display	Graphic Display of Profile, Distance, Calories, METs, Pace, Heart Rate; Lower display of Time, Incline and Resistance Level
Programs	8 Standard programs with 10 levels each controlling both incline and resistance; visit us online for Program details
Heart Rate Monitoring	Wireless and Contact Grips
Connectivity	CSAFE (Fitlinxx certified)
Max User Weight	350 lbs (159kg)
Power	110V, 115V, 208V-220V, 230V
Compliance	FCC, ETL listed to UL 1647, EN, CE, ASTM, CSA

SPACE SAVER

Commercial sized running surface in a compact footprint.

The open front design means the hood cover doesn't get in the way of a natural stride and the unobstructed path maximizes usable running area.

ENGINEERED FOR CONVENIENCE

All the little details. At hand convenience with split-level consoles (designed to match the way you use a treadmill), two water bottle sized holders, magazine rack and tabs, and a utility tray.
